

Report help sheet

Attendance:

The minimum school target for attendance is 97%. The number of absences and lates refer to the start of each morning and afternoon session of the school day, since the beginning of this school year.

Conduct

Achievement and Unsatisfactory Behaviour Points: A reflection of positive and negative behaviour around the school and in lessons (including completion of homework), since the beginning of this school year.

Attainment:

End of KS2 scores: These attainment results were achieved by your child in the national Key Stage 2 tests in year 6. The results provide an accurate picture of each child's ability in English and Maths and are used as a base to formulate the end of Y11 GCSE targets. These targets are then refined during KS3 and KS4.

Target Grade: This is your child's aspirational target.

Predicted Grade: This is the grade that each subject teacher thinks your child will achieve at the end of Year 11 if they maintain their current rate of progress and investment in learning.

Investment in Learning:

Investment in Learning is divided into 4 categories:

Fully Invested in Learning	Engaged in Learning	Partially Invested in Learning	Disengaged from Learning
----------------------------	---------------------	--------------------------------	--------------------------
