25th March 2021

Dear Parent/Carer

0 to 19 Public Health Service

We are writing to you to inform you about the 0 to 19 Public Health Service. We are Public Health Practitioners who are responsible in providing public health assessments and advice to children, young people and their families up to the age of 19 years. Every fortnight, as part of this service, we are offering confidential health advice appointments at Maltby Academy.

The support we can offer includes; emotional wellbeing, physical wellbeing, healthy eating, exercise, healthy relationships, sexual health, sleep and smoking cessation. Referrals can be taken from parents/carers, schools or directly from the young person themselves. Referrals from parents/carers can be made through the SPA service on 01709 423 333 or via Maltby Academy.

Whilst this service is confidential, all children will be encouraged to talk to parents/carers regarding their appointment. If there are any safeguarding concerns that are identified, we will communicate these with parents/carers. If you wish to discuss this in more detail, please do not hesitate to contact the service on the above number.

Yours faithfully

L Crow

Louise Crow
0 to 19 Public Health Practitioner

K Flannigan

Katie Flannigan
0 to 19 Associate Public Health Practitioner

Success for today, prepared for tomorrow.
